Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	Performing Arts, Visual Arts, Music, Literature, Community Art, Live Art,
Description or summary of the proposed project	Aim of the project is to organise festivals or other kind of events of One-to-One art: One in Finland, one in Sweden and one in a country we are looking a partner for. We can also organise programs of one-to-one art in the contexts of other festivals or cultural events. So a partner we are looking for doesn't necessarily need to organise a specific One-to-One festival as long as you are interested in finding interesting ways of organising One-to-One art. Preferably all three partners in the project will find a bit different contexts for this. One-to-One art can be taken to social- and healthcare, cityspace or other contexts.
	With One-to-One art we mean works of art that are done to an audience of one person at a time. Works can be performances, but also more like workshops. They can be theatre, dance, performances, music, circus, visual arts, literature Central aim of the project is to curate artprograms together & offer artists possibilities to take their works to all three
