Call	<i>European Cooperation Projects 2025</i>
Strand or category	<i>Small Scale Cooperation Projects – Visual arts/design</i>

Cultural operator – who are you?

Name of organisation	FISE
Country	Hungary
Organisation website	www.fise.hu
Contact person	Robert Mascher, +36 30 212 1312, iroda@fise.hu
Organisation type	Non-governmental organization, private not for profit organization.
Scale of the organization	340 artist members
PIC number	PIC 919641966
Aims and activities of the organisation	<p>The mission of FISE (Studio of Young Hungarian Designers Associations, founded in 1982), is to mentor starting designers and extend the opportunities of active designers, representing their interests. The great advantage of FISE against other organizations is that it focuses equally on all the applied artistic fields (art, craft, design), so the professional opportunities are continuously available within the association even for career-starters seeking their path or designer switching genres. For the sake of proper representation, our 3400 artist members are grouped in departments within FISE according to their profession, each headed by a board member who forwards the needs of the given department to the board, thus the association can at all times seek opportunities of appearance, submit proposals to tenders or organize programs according to the current needs. As all programs organized by FISE, those arranged within the individual departments are also open to all members and often the wider profession.</p> <p>Our members are (almost without exception) also art educators. We teach in primary and secondary schools as well as at art universities, so we have extensive experience in transferring art knowledge and techniques. We organize various workshops and programs for both young people and adults. We have also worked in several domestic and international programs for young people with disabilities.</p> <p>A feature of FISE also attractive for foreign artists is its enthusiastic participation in tenders as a host. As part of our cooperation with foreign artists and other professional organizations, we are able to provide such conditions that only few similar associations can: our gallery and guest room in Budapest awaits groups and designers operating in the fields of art, craft and design, while we also offer an art house in Mátranovák in the picturesque North Hungarian Mountains. The location is the ideal venue for creative workshops and professional programs. Our art house has already proved its</p>

	<p>suitability to house jewelry art and ceramic workshops, but we are open towards other initiatives.</p> <p>The FISE Gallery in the downtown of Budapest with glass-paned front houses exhibitions in three-week periods, as well as events with themes suiting art/design professional life. Every year we aspire to host at least one foreign country or artist, thus expanding the perspective of our members and visitors.</p>
Role of the organisation in the project	Project member
Previous EU grants received	No

Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	Visual arts, design, photo, creative industries. art education, preservation of traditions, exhibition/workshop organization, cultural exchange
Description or summary of the proposed project	<p>The association is open to cooperation with fellow art organizations either online (with joint media appearances and projects) or through personal meetings (organizing joint creation workshops, creative camps).</p> <p>FISE is also happy to participate in educational and art pedagogical initiatives.</p>
